

SHOUT IT LOUD: DERRY IS IRISH — NOT BRITISH

- Doire Cholmcille is an Irish city — Derry is **NOT** part of the 'UK'.
 - It was on the streets of Derry that 14 unarmed people were murdered at the hands of the British army — don't allow Derry to be hijacked to promote British Rule.
 - Bringing Fleadh Cheoil na hÉireann to Derry this year is a blatant attempt to co-opt our music and culture as part of the process of normalising British occupation. In any other year the Fleadh would be very welcome but not when it is to be used to promote British rule.
 - The labeling of Derry as 'UK City of Culture' is intended to send a message to the rest of the world that British rule in Ireland is now normal and acceptable.
 - Oppose the theft of Derry's identity and proclaim to the world that Derry is part of the Irish Nation.
 - Resist the theft and colonisation of our culture, our language and our games by the British State.
 - Join the campaign to oppose "UK City of Culture" year.
