'Saoirse'

On this the 15th anniversary of the Derry Volunteers Commemorative function we bring to you tonight a specially commissioned drama piece 'Saoirse'.

The Republican struggle has seen many phases through the generations but all have been linked to the common theme of a British withdrawal and the creation of a 32 county Socialist Republic.

As we move towards the fulfilment of these objectives we remember tonight the momentous events that have taken place, the pivotal role of Derry Republicans, and the sacrifices that have been made by the volunteers of Derry Brigade, Óglaigh na hÉireann.

Tonight we remember, reflect and look to the future.
