No revolutionary movement is complete without its poetical expression. If such a movement has caught hold of the imagination of the masses they will seek a vent in song for their aspirations, their fears and hopes, loves and hatreds engendered by the struggle. Until this movement is marked by the joyous, defiant, singing of revolutionary songs, it lacks one of the most distinct marks of a proper revolutionary movement. It is a dogma of a few and not the faith of the multitude.

James Connolly.
