

FOUR COURTS, JUNE 28th, 1922.

Mr. Lloyd George,

Speaking in the English House of
Commons on 26th June, 1922, said:

"To permit it [the occupation of the Four Courts] to go on is weakness. I do not want to use the language of menace, but it is essential that that should be brought to an end, and speedily. The British Government had indicated their views to the Provisional Government. I do not wish to give details of communications."

HENCE

**Let the Free State Leaders confess
their guilt:—**

They surrendered to England on the Treaty and the Constitution. They destroyed the Pact at Britain's bidding; made Partition permanent, and made war on their Brothers with the "Will of the People" on their lips and with all the tricks that renegades acquire from their masters, with the censored lying Press, etc., etc., they prevented you from learning the Truth.

NOW THAT YOU KNOW: DON'T SHARE THEIR GUILT

BUT VOTE NO. 1 BRUGHA

**Who stands for the People against King's tyrants
or the Petty Imperialists.**
