ELECTION SPECIAL

As we approach polling day, we in Provisional Sinn Féin are calling on you the voters to spoil your votes. We will be going on the streets just as if we were up for election ourselves. We will put forward three good reasons WHY you should spoil your vote, and spoil them properly. We want each and every one to vote. USE your vote by spoiling it. When you do this, you are actually voting. You are letting Westminster know in a more effective way than voting for someone who cannot possibly win. The result of this election is already known. Mr. Ross, the United Unionist candidate, is the elected member for this constituency. Spoiled votes are counted in the figures published. Votes not used are not recorded, or figures published.

We ask you to VOTE and SPOIL IT by writing on it

END INTERNMENT

We repeat, here are the three reasons which we ask you to remember:

- 1) Your vote, if used for any anti-Unionist, is of no value.

By spoiling it, you are using it to more effect.

- 2) A spoiled vote is a counted vote.
- 3) A spoiled vote is a vote against internment. A spoiled vote is for a change in the system.

SPOIL YOUR VOTE EARLY
