

# To the Irish Race in America

## Greeting

We, the army of the Republic of Ireland, stand to defend the honor of our country against its foreign and domestic enemies. We stand ready to make any sacrifice necessary to achieve victory and thereby save Ireland from becoming a slave state of the British Empire. We will carry on the war until Ireland, North, South, East and West, is united and functioning as an Independent Nation.

Believing in the justice of our cause and in our will and power to achieve victory, we have sent our representative to ask of you of Irish Race to give us the financial support necessary to achieve that victory in the shortest possible time and with the least possible sacrifice of blood and treasure. We are willing to give our lives in order that you of our Race may not have the indignity of being known as sons and daughters of a submerged nationality.

Furnish us with the financial support we know it is in your power to give and we confidently promise that British Rule in Ireland will end quickly and forever!
