**VOTE  
SINN FÉIN**

## **HOUSING**

Sinn Féin demands more money for inner-city housing. We condemn Dublin Corporation for the total lack of maintenance and facilities.

## **DRUG ABUSE**

Sinn Féin believes that local people are right to evict drug pushers from their areas.

Christy Burke is a committee member of the North Central Support Group which has been set up to fight the drug problem.

## **UNEMPLOYMENT**

Everyone is entitled to a job or a decent income.

Unemployment is created directly by government policy. We demand a realistic increase in social welfare payments and improved conditions at Health Centres and Dole offices.

## **POLICE POWERS**

Sinn Féin is against giving any more power to the Gardaí. There have been far too many abuses of the powers they already have.

## **ÉAMONN BYRNE**

Sinn Féin were the first to draw the public's attention to the way in which Éamonn Byrne was murdered.

Sinn Féin condemns the system of justice which allows the Special Task Force killer of Éamonn Byrne to walk free and which continues to imprison Nicky Kelly despite his being innocent.

## **THE NATIONAL QUESTION**

Sinn Féin supports the right of the IRA to fight against the British military presence in the occupied Six Counties.

Sinn Féin's aim is to establish a 32-County Socialist Republic.
